

6. CRANES

Long-term hire (in excess of six weeks) rates may be negotiated with the hire company. For cranes from 5 t - 50 t, a 6 hour minimum (plus site establishment) is chargeable for one day's hire. For cranes from 5 t - 50 t, a 9 hour minimum (plus site establishment) is chargeable for more than one day on site. For cranes over 50 t, a 10 hour minimum (plus site establishment) is chargeable for each day on site. Weekend rates are generally 10% higher than those indicated below. Site establishment will be determined by the client's specific requirements and site location. Generally, site establishment charge for local area = time travelled x rate. **All cranes are to be insured on site**
